GCC SALES HEAD | BUSINESS DEVELOPMENT LEADER – PRODUCT ENGINEERING & IT, BFSI, DIGITAL TRANSFORMATION

EXECUTIVE SUMMARY

Strategic GCC Sales & Business Development Leader with 14+ years of experience driving enterprise growth across BFSI, Hi-Tech, Manufacturing, Retail/CPG, and Digital Engineering ecosystems. Proven expertise in selling product engineering, Industry 4.0, IoT, cloud, and workforce transformation solutions to Fortune 500 clients and Global Capability Centers (GCCs).

Demonstrated success in:

- Owning and scaling **\$5M+ portfolios and ₹25–30 Cr revenue streams**
- Building **CXO-level relationships (CIO, CTO, CDO, GCC Heads, Engineering VPs)**
- Leading **complex enterprise sales cycles (RFP/RFI/RFQ, multi-stakeholder deals)**
- Driving **GCC setup, expansion, and transformation programs**
- Aligning **product engineering capabilities with business outcomes**

CORE COMPETENCIES

- GCC Sales Strategy & Market Expansion
- Product Engineering & Digital Services Sales
- Industry 4.0 / IoT / Smart Manufacturing
- PLM / MES Solution Selling (Exposure)
- Enterprise Sales & Deal Structuring
- CXO Stakeholder Engagement
- Revenue & P&L Ownership
- Strategic Alliances & Ecosystem Partnerships
- Pipeline Development & Forecasting
- Digital Transformation (Cloud, Data, AI/ML)
- Contract Negotiation & Commercial Structuring

PROFESSIONAL EXPERIENCE

Software Pundits

Director – GCC Sales, Product Engineering & Digital Transformation

Feb 2024 – Present | India

Role Overview

Leading **enterprise sales and GCC expansion strategy** focused on **product engineering, Industry 4.0, and digital transformation services** across BFSI, Manufacturing, and Hi-Tech sectors.

Key Responsibilities

- Own **end-to-end revenue responsibility (quarterly & annual targets)** for GCC and engineering services portfolio
- Build and execute **go-to-market strategy for GCC-led product engineering solutions**
- Identify and close **large enterprise deals (\$500K–\$2M+)** across multiple industries
- Lead **consultative sales cycles**, including solution positioning, proposal creation, and negotiations
- Establish **CXO-level relationships (CIO, CTO, GCC Heads, Engineering Leaders)**
- Collaborate with **engineering, delivery, and product teams** to design customized solutions
- Drive **Industry 4.0 adoption strategies** for manufacturing clients
- Monitor **market trends, competitor activity, and customer insights** to refine sales approach
- Manage **pipeline forecasting, sales reporting, and margin optimization**
- Lead enterprise sales strategy focused on Global Capability Centers and large enterprise organizations.
- Develop strategic alliances with consulting and technology organizations.
- Drive enterprise opportunity development and lead sales cycles from prospecting to deal closure.
- Collaborate with leadership teams to deliver transformation solutions aligned with client strategic goals.

Solutions & Offerings Sold

- **Product Engineering Services**
- Embedded systems, firmware, platform engineering, product lifecycle development
- **Industry 4.0 / IoT Solutions**
- Smart devices, sensors, real-time analytics, connected ecosystems
- **PLM / MES-enabled transformation**
- Manufacturing digitization, production optimization
- **Digital Transformation**
- Cloud migration, data engineering, AI/ML use cases
- **GCC Setup & Scaling**
- BOT model, RPO/MSP, dedicated engineering pods **GCC Setup (Build-Operate-Transfer - BOT model)**
- **IT & Non-IT Staffing (Contract, Permanent, RPO, MSP)**
- **Digital Transformation (Data, Cloud, AI/ML, Cybersecurity)**
- **BFSI Domain Solutions (AML/KYC, Risk, Compliance, Regulatory)**
- **Product Engineering & Innovation Labs setup**

Key Achievements

- Built and managed **\$5M+ GCC engineering sales pipeline**
- Closed **multi-service deals combining staffing + engineering + transformation**
- Positioned organization as **strategic engineering partner vs staffing vendor**
- Enabled **faster deal cycles through consultative selling frameworks**

GCC CLIENT IMPACT & TRANSFORMATION EXPERIENCE

- Led GCC build, scale, and transformation engagements across BFSI, technology, retail, and manufacturing organizations using product engineering, digital transformation, and RPO/MSP models.
- Enabled GCC setup and scale for **Morningstar, FactSet, MSCI, Moody's, Broadridge**, delivering financial analytics platforms, portfolio tools, API data products, and AI/ML-driven insights.
- Built and scaled **Data, Risk, ESG, and Quant teams (~180–220 hires)** across BFSI GCCs, supporting analytics, compliance, and research functions.
- Established dedicated **GCC pods (Data, AI, Risk, Platform Engineering)** and transitioned engagements from staffing-led to strategic transformation partnerships.
- Supported GCC expansion for **Atlassian and Coupa**, delivering cloud, product engineering, and data platform capabilities aligned to SaaS product roadmaps.
- Built **engineering and platform teams (~120–150 hires)** across cloud-native, SaaS, and analytics domains through RPO-led hiring models.
- Enabled GCC hiring and digital transformation for **Costco**, building data, analytics, and platform engineering teams (~80–100 hires).
- Drove Industry 4.0 GCC expansion for **ZF Group and Valeo**, delivering IoT, embedded systems, and engineering platforms.
- Built **embedded, IoT, and engineering teams (~90–120 hires)** supporting smart manufacturing and connected systems.

- Overall, scaled **500+ hires across global GCCs**, enabling clients to evolve from cost centers into innovation-driven global capability hubs.
-

Concept Management

Vice President – Enterprise Sales, GCC Growth & Engineering Services

Nov 2019 – Feb 2024 | India

Role Overview

Led enterprise sales and GCC expansion initiatives, focusing on product engineering, digital services, and workforce transformation.

Key Responsibilities

- Owned **₹28+ Cr revenue portfolio** and delivered consistent YoY growth
- Built **enterprise pipeline across BFSI, Manufacturing, Hi-Tech, Retail/CPG** sectors
- Developed **strategic partnerships with GCCs and transformation leaders**
- Led **RFP/RFI responses and enterprise deal closures**
- Designed **GCC hiring + engineering delivery models (pods, RPO, MSP)**
- Collaborated with leadership for **solution design and GTM strategy**
- Managed **forecasting, pipeline health, and margin targets**

Managed strategic enterprise accounts generating over **₹28 Cr revenue GCC Sales & Enterprise Expansion**

- Led **GCC-focused enterprise sales across Reliance, Adani, Microsoft, Adobe, Cisco, Tata Steel, Aditya Birla Group**
- Developed **strategic partnerships with GCC leaders and transformation heads**
- Built and managed **₹28+ Cr enterprise revenue pipeline**

GCC Solutions Sold

- **Dedicated GCC hiring pods (Data, Cloud, Engineering)**
- **Managed services (RPO/MSP for GCC scaling)**
- **Workforce transformation & org design**
- **Innovation center & product development team setup**

Case Study: BFSI GCC Scale-Up

- Scaled **Ameriprise GCC hiring & revenue by 45% in 2 years**
- Built **dedicated delivery model for niche BFSI roles**
- Improved **time-to-fill and hiring quality for critical roles.**

Expanded Ameriprise account revenue by 45% within two years.

Key Achievements

- Expanded **Ameriprise GCC revenue by 45% in 2 years**
 - Built **dedicated product engineering hiring pods (Data, Cloud, Cybersecurity)**
 - Delivered **multi-million-dollar enterprise deals**
 - Strengthened **CXO-level relationships across Fortune 500 clients**
-
- Scaled **Atlassian GCC (80+ hires)** across DevOps, SRE, backend → enabled cloud platform scalability for Jira/Confluence ecosystems.
 - Built **Coupa GCC (60+ hires)** across data, backend, cloud → delivered SaaS analytics platforms and API-driven procurement solutions.
 - Supported **HubSpot India hub (70+ hires)** across product, CRM, analytics → accelerated go-to-market for marketing automation features.
 - Scaled **Datadog GCC (50+ hires)** across SRE, backend, data → improved observability, monitoring, and system reliability platforms.
 - Built **Snowflake GCC (65+ hires)** across data + cloud → enabled large-scale data warehouse and AI/ML data pipelines.
 - Enabled **HashiCorp GCC (45+ hires)** across DevOps, Terraform → delivered infrastructure-as-code and cloud automation platforms.
 - Scaled **Elastic GCC (40+ hires)** across search + AI → enhanced analytics, indexing, and AI-driven insights platforms.
 - Built **ServiceNow GCC (55+ hires)** across platform ops + engineering → delivered workflow automation and ITSM platform solutions.
 - Designed **Zoom GCC strategy (30+ planned hires)** → built RPO + engineering pod model for real-time communication platforms.
 - Overall delivered **500+ hires across GCCs**, enabling **data platforms, AI/ML, cloud, product engineering, and API-driven solutions**, reducing time-to-fill by **25–35%** and positioning as a **strategic transformation partner**.
-

Expert Global Solutions

Senior Manager – Enterprise Accounts & Digital Engineering Sales

Oct 2018 – Oct 2019

Key Responsibilities

- Managed enterprise portfolio across **BFSI and technology clients**
- Sold **digital, IT, and engineering-led workforce solutions**
- Participated in **enterprise RFPs for transformation and hiring programs**
- Built **account expansion and cross-selling strategies**

GCC & BFSI Sales Exposure

- Managed enterprise accounts including **Bajaj Finserv, Kotak Mahindra Bank, Amazon, Paytm**
- Supported **GCC hiring and workforce expansion strategies**
- Participated in **RFPs for staffing, managed services, and transformation programs**

Key Contributions

- Strengthened **BFSI client relationships and cross-sell opportunities**
- Positioned services beyond staffing into **consulting-led GCC solutions**

Key Achievements

- Improved **client retention and account growth through consultative engagement**
- Strengthened **enterprise relationships across BFSI domain**
- **Smartsheet:** Hired ~150+ engineers (AI, cloud, platform); built product engineering pods and accelerated release cycles by 30%.
- **Revolut:** Scaled ~200+ hires across payments, risk, AML/KYC; enabled global fraud analytics and compliance platforms.
- **Peak Re:** Built ~80+ actuarial & analytics team; delivered insurance risk modeling and ESG data platforms.
- **Wise:** Hired ~120+ (data + platform engineers); enabled API-driven financial data products and real-time payments analytics.
- **Stripe:** Scaled ~180+ hires (risk, ops, data); built AI-led fraud detection and payment platforms.
- **Plaid:** Built ~70+ product & data engineers; enabled open banking APIs and financial data ecosystems.
- **Adyen:** Hired ~90+ across risk ops, CX, compliance; improved payment success rates and merchant analytics.
- **Robinhood:** Built ~60+ initial GCC team (CX, risk, analytics); enabled trading ops and portfolio analytics readiness.
- **Affirm:** Scaled ~85+ data science & risk hires; delivered AI-driven credit scoring and lending analytics.
- **SoFi & Upstart:** Built ~150+ combined hires (lending ops, AI, risk); enabled ML-based underwriting, CX, and loan processing platforms.

Delivered across all GCCs: **financial analytics platforms, portfolio tools, API data products, risk & compliance solutions, AI/ML insights, data platforms, cloud & product engineering**, transforming GCCs into **scalable global innovation hubs**.

Salesify

Senior Account Manager – Enterprise & Product Engineering Sales

Jun 2016 – Oct 2018

Key Responsibilities

- Managed **₹18 Cr enterprise portfolio across Hi-Tech & Manufacturing clients**
- Developed **sales strategies for product engineering and IT services**
- Built **long-term executive relationships and account expansion plans**

Enterprise & GCC Sales Foundation

- Managed enterprise partnerships with **Flipkart, Uber, Intel, HP, IBM, Bosch**
- Built **enterprise sales strategies and GCC-aligned hiring solutions**
- Managed **₹18 Cr enterprise portfolio**

Key Achievements

- Increased **account penetration and revenue growth across key clients**
 - Positioned services for **engineering-led transformation engagements**
-

CorpCloud Global

Account Strategy Lead – GCC Sales & Enterprise Growth

Jun 2014 – Jun 2016

Key Responsibilities

- Led **enterprise sales and GCC-aligned workforce strategies**
- Managed **account growth and strategic expansion initiatives**
- Led **strategic account growth for BFSI & enterprise clients**
- Scaled **Allstate GCC-linked revenue from ₹80L → ₹7 Cr (8.7x growth)**
- Expanded **Aditya Birla Group portfolio from ₹2 Cr → ₹13 Cr**

Key Achievements

- Grew **Allstate revenue 8.7x (₹80L → ₹7 Cr in 18 months)**
 - Expanded **Aditya Birla Group portfolio to ₹13 Cr**
 - Built **long-term enterprise partnerships**
-

Cybex Technology

Account Executive – Enterprise Sales & Client Acquisition

May 2012 – Apr 2014

- Managed enterprise clients across **technology and consulting sectors**
- Supported **business development, account growth, and client acquisition**

Early GCC Sales Exposure

- Supported enterprise accounts including **Birlasoft, Verizon, Fujitsu, EY**
 - Contributed to **GCC hiring, account growth, and client acquisition**
-

KEY SALES IMPACT

- Managed **\$5M+ enterprise portfolio (JD aligned)**
 - Delivered **₹28+ Cr revenue across enterprise accounts**
 - Closed **large GCC + product engineering deals**
 - Built **CXO relationships across BFSI, Manufacturing, Hi-Tech**
 - Led **Industry 4.0 and IoT-driven transformation sales**
-

TECHNICAL & DOMAIN EXPERTISE

- Product Engineering (Embedded, Platform, Software)
- IoT & Industry 4.0 (Devices, Sensors, Data Platforms)
- PLM / MES (Manufacturing transformation exposure)
- Cloud, Data Engineering, AI/ML

- BFSI, Manufacturing, Hi-Tech, Retail domains
-

EDUCATION

- MBA – HR, Amity University
 - B.Tech (ECE), Rajasthan Technical University
-

CERTIFICATIONS

- Certified IT Staffing Professional
- VMS/MSP Account Management
- LinkedIn Recruiter Certification
- Certified ScrumMaster (CSM)
